It's not hard to imagine him watching the long.

you might think that Audi might ease off the gas a bit and take a breather. Not so. It restricts people from leading a normal life. Have you ever shied away from a conversation because you knew you had bad breath? Or have you ever cut a conversation short because the person you spoke to had bad breath? There wouldn't be a person on the planet who hasn't. Bad breath is a social turn off.
